16 KENTUCKY DELEGATES WILL OPPOSE ERNST

Taft Not Taking Hand in Fight for Kentucky Committeeman.

Report Hitchcock Advised Ernst Selection Unfounded

SURPRISES ARE ANTICIPATED

Chicago, June 17.—The fight for Fisher for national committeeman has grown so strong that Ernst's friends are suggesting Morris B. Belknap as a compromise candidate, claiming a deadlock would result if the fight between Fisher and Ernst is kept up. Fisher's supporters appear firm in their determination to stay in the fight. He has warm support of Hitchcock and claims that Taft advised selection of Ernst is not credited.

Chicago, June 17.—The fight over the national committee from Kentucky has absorbed all the interest of the Kentucky Republicans who are here. They have thought of nothing else, and have taken no part in any of the national politics that is being played. The Taft leaders in Kentucky are hoping that it will not be up to them to accept Fairbanks for vice president.

Frank Fisher, postmaster of Paducah, who is opposing Ernst, said in an interview.

"I am a candidate for national committeeman against Ernst, and I want to say that out of the 26 votes from Kentucky there are 16 against Ernst."

Fisher was told that Ernst's friends were making the claim that Charles P. Taft proposed to have Frank H. Hitchcock pull Fisher out of the fight, and give Ernst a clear track.

Fisher's response was, "I am devoted to Hitchcock. I have never understood that he was opposed to me for national committeeman, but on the contrary I have always felt that he was friendly to me in this particular matter. I want to say, however, that if Hitchcock should ask me to get out of the fight I should be glad to acquiesce in his wishes, but regardless of what is being said, I want it distinctly understood that I have not received word from Hitchcock or from Taft."

Ernst's friends held a conference at the Stratford hotel and the statement was given out that fifteen votes were pledged and proposed to give the names of their supporters among the Kentucky delegates but from the gossip going the rounds it would not be surprising if they were not mistaken in several instances.

Real Work of Convention Begins With Credentials Committee Report—Taft Delegates Win Contests

Majority Report in Accordance With Action of National Committee Regarding Contests.

Chicago, June 17.—Senator Fuller presented the report of the credentials committee to seat all Taft delegates. No minority report was presented and but few delegates voted "no" on motion to adopt. The committee on permanent organization reported Senator Lodge for chairman, who was escorted to the chair and began his speech.

Chairman Lodge's References to Roosevelt started a wonderful round of cheering for the president. To many it looked like a stampede. Lodge tried in vain to stop the yelling and the band played but couldn't drown the cheers. The crowd caught sight of Alice Longworth and cheered again. When a huge Teddy bear was raised aloft the crowd fairly went wild. Leaders for other candidates did their utmost to continue the demonstration and the crowd kept yelling "Four, four, four years more." Texas led in the demonstration which lasted nearly an hour.

Chicago, June 17.—The convention was formally opened by Chairman Burrows at noon. Harry Daugherty, of Ohio, announced the credentials committee would be ready to report in an hour, and the intervening time was given up to marching clubs. Organizations attending carried banners and were given a great reception. Ohio delegates brought banners with Taft's picture and distributed them to the crowds. The rules committee decided against Burke's resolution reducing the representation of southern states and Burke promises to carry the matter to the convention.

Chicago, June 17.—The work of the national committee in deciding contests was ratified by the credentials committee last night and with the exception of a few extraordinary cases the contests were settled in accordance with the action of the national committee.

In the Kentucky cases Dr. Linn and J. C. Speight were seated, as were all the Taft delegates from Kentucky.

In the Ohio cases all were decided in favor of Taft except in the Sixth district, where Taft and Foraker delegates were seated with a half a vote each.

Session Lasted All Night. The committee recessed at 5 o'clock this morning after hearing all the evidence in the contests, to meet again this morning and formulate a report. It was decided to seat all Taft delegates recommended by the national committee and the votes involved are: Alabama 22, Arkansas 2, Georgia 4, Kentucky 8, Mississippi 10, Missouri 6, Ohio 7, Tennessee 20, Texas 36.

The anti's were greatly weakened before the committee because many witnesses had gone home disgusted and contestants had to rely on affidavits, which availed little. The line-up came on Alabama, but the committee upheld all Taft delegates. Mayor Bookwalter, of Indianapolis, has prepared a minority report seating 110 contestants, but anti's are still undecided whether to make a fight on the convention floor. There is little doubt the convention will approve the majority report.

Fight Over Resolutions. There will be a great fight over resolutions, especially the anti-injunction plank. The sub-committee of thirteen will report to the full committee this afternoon and it is known the majority of the sub-committee favor the plank. States supporting the plank were Illinois, Kansas, North Carolina, Ohio, South Dakota, Missouri, Virginia, Minnesota, Opposing—Massachusetts, New York, Pennsylvania, Wyoming, Washington. Both sides claim they will control the full committee and there is probability of a fight on the floor.

Platform Fight Foremost. The platform fight overshadows everything and feeling over the anti-injunction plank is so intense that there is almost certain to be a minority report whichever side wins in the committee. Opponents are urging Cannon to secure a proxy and make a speech against it. Congressman Littlefield, of Maine, who is sent for opponents, argues that the plank is to surrender completely to socialist labor sentiment. Roosevelt and Taft both wired their friends to fight to the end for the plank. There is much surprise that E. H. Gary, chairman of the steel trust, and George W. Perkins, Pierpont Morgan's partner, are both here working for the anti-injunction plank, but it is believed they hope in turn to win a plank promising legislation allowing railroad pooling. An

agreement regarding other planks has been reached.

Gompers Presents Plank. Samuel Gompers presented a draft of a labor plank prepared by the American Federation executive council to the resolutions committee today. The plank pledges the party to enact a law guaranteeing wage earners, agriculturists and horticulturists the right of organization without being regarded as a combination in restraint of trade. It pledges a law prohibiting injunction in labor disputes when same would not apply if labor troubles didn't exist. Pledges an eight-hour law for the government of employees and workers on government jobs, a general liability act, woman's suffrage, separate department of labor and bureau of mines.

Gompers presented the resolution personally and made a speech in which he declared that he didn't want to eat employers for breakfast, but wanted fair treatment and intended to have it. He said laborites are not anarchists but loyal Americans and the right to organize must be protected.

NIGHT RIDERS ARE ON TRIAL AT AUGUSTA

Augusta, June 17.—The trial of four night riders began today. Marshall Haley, a victim of the riders, said he recognized Dogwood Kenton, Gum McChes, Bill Brown, three of those on trial as being members of the party. Later he gave the names of half a dozen more whom he recognized. The jury is made up of Bracken county farmers.

BAPTIST PICNIC

Six coaches were required to carry nearly 300 persons in a special train over the Nashville, Chattanooga & St. Louis railroad yesterday to Alamo park, where the First Baptist church Sunday school picnic was held all day. The outing was not marred by a single unpleasant incident and one of the most successful school picnics ever given ended late in the afternoon.

Thursday the Sunday school of the First Presbyterian church will go to Alamo park in a special train. Several hundred will attend, leaving here at 8:30 o'clock in the morning.

FLOODS DAMAGE MCKINLEY BRIDGE IN MISSOURI

St. Louis, June 17.—The Mississippi flood swept away the huge span of McKinley bridge. The water passed 34.2 stage this morning and is still rising. It is predicted the water will reach 36 feet and it seems the 1903 flood is being repeated. The loss is enormous. At Kansas City and Jefferson City the waters are receding.

VICE-PRESIDENTIAL BOOM IS STARTED FOR GOV. CUMMINS

Iowa Executive Said to Have Strong Backing in Own State.

Claim Roosevelt Sanctions the Movement.

SENATOR BORAH BUSY MAN

Chicago, June 17.—The boom of Governor Cummins, of Iowa, was the distinctive feature of the day in the contest for second place on the ticket and it received much favorable consideration. Senator Borah, of Idaho who early this morning started the agitation on behalf of the Iowa governor, spent much of the day sounding western delegations in his behalf and at the close of the day announced that he had found much encouragement.

The mention of Cummins' name was received with varying emotions by the members of the Iowa delegation, and it soon became evident that in the event the governor's candidacy should be more energetically pressed his Iowa support would be confined to the so-called Cummins faction.

Several Allison-Dolliver adherents promptly announced that as matter of state pride if for no other reason, they would support the governor's candidacy.

A number of Iowans associated politically with Cummins, after the conference, stated that while they had not communicated with the governor on the subject he had been determined to assume the responsibility of presenting the claim of Iowa for second place, in the event that there developed a continued purpose on the part of the Taft managers in Washington to insist upon an Iowa man.

Basics of Harmony Agreed Upon. This conference was attended by Congressman E. H. Hubbard, Chairman Frank P. Woods, of the Republican state committee; former Representative George M. Curtis; Robert Healy, delegate from Dolliver's home city; Delegate Sam D. Rinkler, vice chairman of state central committee; A. D. Clarke, second delegate from Dolliver's district; Gardner Cowles of Des Moines; George C. Call, railroad commissioner; W. L. Eaton, J. C. Welliver and others.

After a conference it was on behalf of those present that communications have been coming to members of the Iowa delegation from all parts of their state, indicating a development of sentiment hostile to the attitude assumed by some anti-Cummins delegates. It was stated that only three of the 26 delegates opposed the nomination of either Dolliver or Cummins.

The conference agreed that as a basis of harmony it should be understood that if Dolliver were nominated for vice president, Cummins must succeed him in the senate and in turn Dolliver be guaranteed the support of the Cummins element for a return to the senate following the retirement of Allison; thus guaranteeing to Dolliver as claimed, that by accepting the vice presidency he would not effect a termination of his own official career.

President Said to Be Willing. On the other hand it was proposed that if Cummins were nominated for vice president, his followers would be satisfied with the arrangements.

It was also stated that Senator Borah had presented Cummins' qualifications to President Roosevelt and that the suggestion had been warmly received.

There was much discussion during the day of the possibility of the nomination going again to Vice President Fairbanks. There is a strong sentiment in his behalf, and many predict he will again receive the nomination unless the convention can be made to believe that if nominated he will decline. The vice president is doing his best to create with the uniform response that he will not accept.

Fight on Reduction Move. The question of whether or not there shall be a reduction in the representation in future national Republican conventions were discussed for two hours today by the committee on rules and order of business, without result, adjournment being taken until 9 o'clock tomorrow morning in order that members of the committee might confer over night for their delegations. Opposition to the plan came entirely from the south.

Lawson Urges Roosevelt's Nomination.

Chicago, June 17.—Thomas Lawson has a full page advertisement in all Chicago newspapers today urging the convention to renominate Roosevelt. He says aversion to a third term amounts to nothing compared with aversion allowing the president to name his successor.

Burnett Phelps Takes Stand in Own Defense at Benton—Verdict is Expected Tomorrow Morning

Otis Bliick Recalled to Stand Gives Night Rider Secrets and Signs.

Fifty New Indictments. Benton, Ky., June 17.—(Special.)—The grand jury brought in 50 new indictments against parties implicated in the Birmingham raid. The names of all indicted will be kept secret until arrests are made, but it is understood that men of more prominence than those already connected are included in the list.

(Staff Correspondence). Benton, Ky., June 17.—Albiss will be relied upon as a defense by the men on trial for the Birmingham raid. Those advanced in the evidence today are similar to the alibis claimed by the defendants in the Hollowell case in federal court.

Burnett Phelps who is the one on trial, swore that he was at home and heard the shooting. Fred Holden and a man named McFarland came to his house about the time of the shooting. Both Holden and McFarland testified to substantially the same thing. McFarland said he was staying with a sick man the night of the raid and that the night riders captured him and forced him to accompany them on the raid. He said they were masked and he did not recognize any of them. When he was released he went to Phelps' house and found him at home. Holden when he heard the shooting to find out what was the matter and that Phelps was at home.

Dr. Champion, one of the defendants, said he was sick the night of the raid, but was able to make a call at the home of Tom Duncan to see a sick child. Duncan and his wife corroborated the testimony.

Tarry and McAttee Dismissed. When court convened this morning Commonwealth's Attorney John G. Lovett moved the court to dismiss the indictments against Wick Tarry and Will McAttee and their bonds be discharged. This action followed the testimony of Otis Bliick.

PIONEER JESUIT DIES AT CINCINNATI AGED 100

Cincinnati, June 17.—Father John Van Krevel, one of the pioneer Jesuit priests of this country, died at the Jesuit college. He was 100 years old and the greater part of his life was spent in the western country, coming here when this country was practically a wilderness.

I. C. OFFICIALS OPPOSE PAYING FIRST STREET—SAY EXPENSE IS TOO GREAT

Contractor Appeals to Board of Works to Settle Controversy.

Facing on the one hand a possible suit to collect his money, and on the other the forfeiture of his check deposited with the board of public works as a guarantee, Contractor T. J. Sale, who was awarded the contract to improve Water street, is in a dilemma which may be straightened out in the board meeting this afternoon.

Contractor Sale was uncertain about signing the contract with the city today because he was not sure that the Illinois Central railroad, which will bear the burden of the expense of the improvement, would pay him for his work after it is finished, without a suit. The railroad has opposed the work on the grounds that it is too expensive for the good that will be accomplished, but their protest came after the ordinance was passed, too late for the board of works to do anything but comply with the general council's orders. The signing of the contract with Mr. Sale has been delayed while the railroad investigated to see whether it could find relief, but the board expects to reach a definite decision this afternoon.

Contractor Sale deposited a check with the board, which he will forfeit if he does not sign the contract now, but what he is to determine is whether he would lose more if he went ahead and completed the contract, only to meet with a refusal from the railroad to pay the bill. His bid was \$1,376 for the pavements, and curbing, along Water street by the Armour Packing company building, which is owned by the Illinois Central railroad. Only about

SANFORD HALL FLEES FROM HIS WRATHY WIFE

Star Witness in Night Rider Cases Charged With Unfaithfulness.

Not at Boarding House When Officers Appear.

LEFT THE CITY THIS MORNING

Though threats of assassination by night riders had no terrors for him, Sanford Hall, the star witness for the plaintiffs in the Hollowell case and billed to appear in prosecution against night riders at Marion, dared not face his wife, who charges him with unfaithfulness, and when he learned of her presence in the city Sanford is said to have made his get away and has not been heard from.

Mrs. Hall, who is apparently an intelligent woman, charges that her husband has been living with a woman named Minnie Dean and procured a warrant for both from Judge Cross. When the officer went to the boarding house to arrest them, but too late, as Sanford evidently had learned his wife was in town and he and the Dean woman were gone.

At the boarding house, however, it was stated that Hall and the woman were not living as man and wife but were both boarding there. Nothing was known of their whereabouts except they left the place early this morning.

NO INDICTMENTS RETURNED IN BRACKEN

Augusta, Ky., June 17.—The grand jury adjourned without returning any night rider indictments. Out of seventy witnesses examined only one claimed he could recognize any of the raiders.

HARMONY SINGING AT REIDLAND SUNDAY

Reidland, in the county, will be the scene of a great old-fashioned southern harmony singing Sunday, June 28. The Rev. T. J. Owen will be the leader in the day's exercises, which will include a big children's day program at 10:30 o'clock in the morning, followed at noon by a basket dinner on the ground. After dinner a country handshaking will precede the old harmony singing. Prof. May Trice, Prof. William Hart and Prof. Emmet Rudolph will be the leaders in the singing. People will attend from miles around Reidland.

TRAIN ROBBER UNDER ARREST IN OKLAHOMA

Muskogee, Okla., June 17.—Cal Busby, the noted train robber, was arrested at Shawnee, Jim Taylor and Alphonso Smith, his companions, escaped but were wounded in a fight with the officers. They are accused of killing David Conway, a toll keeper at the Frisco bridge, and are believed to be responsible for other depredations. A posse is hunting Smith and Taylor.

MATINEE RACES

FRIDAY WILL BE BEST OF THE SEASON.

Mile Handicap Dash Innovation That Will Be Watched With Interest—Five Entries.

The card arranged by the Matinee club for Friday, June 19, is one of the best ever offered, and deserves liberal patronage. The handicap mile dash is attracting particular attention and aside from its unusual features should make a fine contest and one the grand stand will enjoy. The horses get away from a standing start and are handicapped by distance, the fastest horses having the longest route to go.

Three other good races are offered and the afternoon sport promises to be excellent. The races start promptly at 2:30 o'clock.

In addition to the fine card already

arranged the Matinee club will have a half mile dash running race between several horses that have come in for the July 3 races. To allow time to pull off the extensive card offered the races will be called at 2 o'clock instead of 2:30.

BURLY POLICEMAN WIELDS BIG STICK

"MOVE ON" IS THE ORDER FOR ALL SUMMER GOODS

At Guthrie's Move On Sale Which Opened Today—Big Reductions Throughout the Store.

Today marks the anniversary of one of the greatest Dry Goods Sales in the history of Paducah—Guthrie's great Move On Sale. Today is likewise the beginning of the Second Annual Move On Sale and Mr. Guthrie says that the success of the last year's sale has only served them to greater efforts this year. None of last year's records are to be allowed to stand—prices will be lower, assortments greater and it is hoped, the sales bigger. No department of the big store escapes the burly policeman's "Big Stick"—everything has to "move on." Skirts are reduced one-third, some shirt waists are cut more than half, wash goods, table linens, domestics, towels, embroideries, muslin underwear, lace, gloves are all hurrying away under the rapid action, triple quick Move On orders which they have received. All day long the store has been thronged by eager shoppers in whose minds the memories of last year's savings are still fresh and their present expectations are being more than realized. Lots of men in the crowd, too, for there are some slashing reductions in the Furnishings Department as well.

The entire force at Guthrie's is jubilant over the splendid opening of the sale, and Mr. Guthrie invites the ladies of Paducah and vicinity to come to the store with the full assurance that they will be well repaid for the time spent in an inspection and comparison of values.

THE CONVENTION

(Continued from page one.)

Taft on First Ballot.

William Howard Taft will be chosen on the first ballot, with a margin of at least 200 votes over the 491 necessary for a choice, in a total membership of 980. His selection is as certain now as anything possibly can be in politics.

There is some vague talk of a landslide for Roosevelt, but it is significant that it originates in almost every case with anti-Roosevelt men.

Those who are really loyal to the president know that he looks with horror upon every vote that may be cast for him in the Chicago convention, because he considers it in the light of an insult. He has openly declared and privately written that "no friend" of his will use his name in the balloting, and this fact is so generally understood among the delegates it ought to put an end once and for all to any idle talk of a third term landslide.

Senator Lodge or some other warm personal friend will surely have in his possession, ready to be brought out, a list of names of those who are ready to support him.

The J. B. Finley passed up the Ohio at 3 o'clock this morning with a big tow of empty coal boats and barges on her way from New Orleans to Louisville. She had about 25 pieces.

The Nellie is in from Metropolis and is going to Clark's river after a raft of logs for Metropolis.

Temperance Advocates Praise The Great Tonic Stimulant

Mr. and Mrs. J. E. Treat, of Meriden, Conn., both suffered from severe stomach trouble. Both are completely cured and restored to health and strength by the use of Duffy's Pure Malt Whiskey.

Read what they say: Mrs. Treat in a letter March 30, 1908, wrote:

"I take pleasure in informing you of the great benefit derived from the use of Duffy's Pure Malt Whiskey. Before using this grand medicine I suffered from severe stomach trouble, could retain no food on my stomach and was subject to vomiting spells. I had no strength in my limbs and was much discouraged.

"I began to improve after using the first bottle, taking same in small doses as per directions, and now, after three months' use, my stomach is all right, I have a good appetite and have regained my health and strength entirely. My husband also suffered with his stomach, had no appetite and was so weak and run down that he had given up his work. He was induced to use your Malt Whiskey, with the result that he is now able to attend to his work every day and has a hearty appetite.

We do not approve of the improper use of any liquor, but Duffy's Pure Malt Whiskey, used as directed, has done much for us, for which we are extremely grateful.—Mr. and Mrs. J. E. Treat, 91 Canal St., Meriden, Conn.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science, softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It cures nervousness, typhoid, malaria, every form of stomach trouble, all diseases of the throat and lungs, and all run-down and weakened conditions of the body, brain and nerves. It is prescribed by doctors and is recognized as the great family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Dr. R. Curran, Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated booklet and free advice.

Colored Voters in Line.

Nothing better indicates that victory has been achieved by Secretary Taft than the way in which the colored delegates are swarming about the headquarters of the big Ohioan.

The stairs and elevators leading to the parlor floor of the Auditorium Annex, where the Taft headquarters are located, were thronged yesterday by a large crowd, in which there must have been several hundred negroes.

Bishop Walters, of the A. M. E. church, who has been Taft's principal opponent, was met among those who paid his respects to the Taft managers, but he has been in conference with such men as Register of the Treasury Vernon and Deputy Auditor of the Navy Tyler, both colored, who are in Chicago doing considerable missionary work among the delegates of their race.

It is apparent to the Taft managers that the colored men must be kept in line, and Vernon and Tyler are charged with this important duty. These two men are alternates at large from Kansas and Ohio respectively, and have largely figured in the campaign in behalf of the secretary of war.

Vernon came to Chicago a few days ago from his native state, where he has been inquiring into the attitude of the colored voters, and he is satisfied that with proper care they will be induced to support the Taft ticket in the fall, whoever may be named as the vice president.

Kentucky Organization.
Permanent organization committee—J. T. Doores, of Bowling Green.
Resolutions committee—William Marshall Ballitt, Louisville.
Credentials committee—W. D. Cochran, of Maysville.
Rules committee—E. W. Lane (colored), of Frankfort.
Vice chairman—R. W. Hunter, of Webster county.
Committee to notify president of nomination—A. R. Burnham, of Richmond.
Committee to notify vice president—T. C. Jackson, of Marion county.

Campaign Chairman.
At the present time the chairmanship of the next national committee seems to lie between Senator W. Murray Crane, of Massachusetts, and Frank H. Hitchcock, of Ohio. The former's candidacy is based on the assumption that the committee will return to its old custom of naming one of its own members. Recently the candidate for the presidency has been allowed to select the chairman regardless of whether he is a member of the committee or not.

The list of candidates was added to yesterday, however, by the names of Harry S. New, of Indiana, the present chairman, and ex-Gov. Myron T. Herrick, of Ohio. Mr. New will be a member of the next committee, and Mr. Herrick will not.

Whoever is selected, whether a member of the committee or not, undoubtedly will be the choice of the presidential candidate. This is so thoroughly recognized that a subcommittee of the committee will communicate with Mr. Taft, it being understood he will be in Cincinnati, to learn his wishes before any action is taken.

Quick Organization Is Desired.
The desire is to organize the committee immediately after the close of the convention as the members will scatter the next day and it will be difficult to get them together again soon.

Iowa's Fear Overdrawn.
As a matter of fact the fear of partisan warfare in Iowa is largely overdrawn. There is no reason in the world why Senator Dooliver should resign his seat before the election. If chosen vice president he would not take the oath of office until noon on the fourth day of next March. It would be in accordance with precedents for him to stay in the senate until the conclusion of this congress, and then resign and assume the duties of the vice presidency. If this course were followed the result would be that both sides would fight like tigers to control the legislature and the Republican majority there would be almost certain.

This creates a situation which makes it extremely likely that Vice President Fairbanks may be selected to succeed himself. If he should be chosen neither side in Iowa could claim a victory. Besides that, it has now become evident to almost every one that the anti-Taft forces have about concluded to combine their strength on Fairbanks on the plea that they ought to have something out of the convention.

I know I speak with authority when I say that Vice President Fairbanks does not want a renomination. This does not mean by any manner of means that he would not take it if it were offered to him with substan-

cial unanimity. As to that I do not speak by authority, but I am giving only the current opinion among the delegates outside of the Indiana crowd.

Three Things Left to Decide.
With the presidential nomination thus out of the way, there are just three things which are now particularly engaging the attention of the managers on all sides. First of all, there is the vice presidency. That now seems to rest between Dooliver and Fairbanks, with Representative Sherman, of New York, as a late possibility. The standard element in Iowa is vehement in its declaration that the selection of Senator Dooliver as the vice-presidential candidate will precipitate a bitter partisan fight in the state, and may cost the legislature.

On the other hand, the advance guard of the Cummins contingent has reached Chicago, and they are equally vociferous in insisting that Dooliver must and shall be drafted for the national ticket. They declare it is cowardly to deprive him of the honor merely because a minority in the state demands it. They insist the protest of the standpatters shows that Cummins has a majority of his party in Iowa, and would be elected senator to succeed Dooliver. Thus the Taft managers are in a peculiar position, because, whichever way they decide in regard to Dooliver, they will displease an influential section of Iowa Republicans.

Representatives of the Cummins element have been in communication with Washington all day long, while the standard crowd have fairly bombarded the white house and the war department with protests against the nomination, and with demands that the Dooliver ghost shall be laid forthwith, and some other man chosen as running mate for the secretary of war.

CHILD LABOR

LAW WILL BECOME EFFECTIVE SEPTEMBER 1.

Anti-Poolroom Measure Goes Into Operation Today—Liquor Selling Restriction Act.

Frankfort, Ky., June 17.—The new child labor bill, which passed at the last session of the legislature, will become a law September 1. The new law does not become effective until that time to permit those children who, under its provisions, must give up their employment, to secure other means of livelihood. Many children are now employed in mines, factories and other places in which it will be unlawful for them to be employed under the provisions of the new law, and it was to permit the factories and employers to arrange for the new conditions that the law was made effective on September 1 instead at the time other laws which were passed by the legislature.

Tomorrow is the day on which the bills which were passed by the last legislature, without any emergency clause, will become effective. The ninety days after adjournment ends tomorrow, and those laws which did not carry emergency clauses and which therefore have not become laws will be effective after tomorrow.

The poolroom bill which makes betting on horse racing unlawful, except at a racetrack where racing is actually in progress, will become a law tomorrow, and the penalty for viola-

tions is so severe that it is believed there will not be any violations where the legal authorities want to stop the poolrooms.

The law which makes it unlawful for any burial association to do business in Kentucky, subject to certain conditions, is also effective after tomorrow.

The only temperance measure which passed the last legislature will become effective tomorrow. This act makes it unlawful to sell liquor, except to a licensed retailer or to a wholesaler, in a prohibition district. The purpose of the law is to stop the sale of whisky in bulk by small distilleries, in prohibition districts, as is now being done under the law.

The act providing two district detectives for the prosecuting attorney in Louisville also is effective tomorrow, and it is probable that the appointments will be made at once. The bill fixing the fees for jailers will also become a law tomorrow, and this will please every jailer in the state.

USES RIVER JORDAN WATER.

Baptismal Ceremonies in Washington Attract Attention.

Washington, June 17.—Water taken from the river Jordan was used yesterday by Rev. Donald C. MacLeod in baptizing seventeen children at the First Presbyterian church. The water was brought to Washington by Dr. MacLeod recently. He took it from the spot where tradition says the waters were divided to permit the children of Israel to pass through the river.

The ceremony attracted unusual attention, and long before the hour set the pastor's study was crowded with relatives and friends of the baptismal candidates, whose ages range from 6 months to 6 years.

News of Theatres

A delightful audience well filled the Wallace Park Casino last night to greet the Hutton-Bailey Stock company in "The Flower of the Rauch." The play went beyond the expectations of the patrons in every way. The production itself is powerful in plot, presenting an extremely interesting story and introducing a strong vein of good comedy that kept the audience in the best humor from start to finish. Tonight "Escaped From the Harem" will be the bill. Oriental scenery, Chinese costumes and mechanical effects are used.

This play had a run in New York City of 165 nights, and in Chicago six weeks at one theater. Hong Hi and his "terrible nine" perform such barbarous treatment to their white slaves that the audience are held spellbound. The coon and funny things cause enough laughter to drive away the worst case of blues. New specialties tonight.

BRYAN OPPOSED BY DAUGHTER.

Mrs. Ruth Leavitt Sends Proxy to Opponent of Instructions.

Genwood Springs, Col., June 17.—Ruth Bryan Leavitt, daughter of William Jennings Bryan, climbed

into the Speer band wagon at the state Democratic convention, which met here.

Mrs. Leavitt is not here, but gave her proxy to Mrs. W. S. Lafferty, of Denver, who recently renounced her allegiance to the Republican party and joined the Speer Democracy.

Mrs. Leavitt displayed discretion by remaining at home and not mixing personally in the Denver factional fight, but Former Senator Patterson, who is fighting for Bryan instructions, expected to have her proxy, which has been given to his sworn enemy, Mayor Speer, who opposes instructions.

FARMER IS KILLED BY WIFE.

Charles Ray Was Carrying a Gun When He Was Shot.

Joplin, Mo., June 17.—Charles Ray, a farmer, living near here, was shot and killed by his wife, Fannie Ray, shortly after noon today. The fatal shot was fired from the second-story window of the Ray home, a shotgun heavily loaded with buckshot being used. Ray was carrying a shotgun himself at the time of the shooting.

Ray had left the field and was going into the house yard, carrying a double-barreled shotgun. Upon seeing his wife at a downstairs win-

dow he is alleged to have said, "Now I have got you." Mrs. Ray rushed to a second-story window and fired the fatal shot. Trouble has been brewing in the Ray household for many months. A divorce suit has been pending in the circuit court.

Soldering in Italy. Many different mixtures are used in Italy at the present time for soldering preparations, but they are really all primitive. There are some patented articles on the market, but they do not seem promising, as the Italian user in general would rather use a mixture containing hydrochloric acid, which he has always used, than risk novelties.

Popular Couple Marry.

An elaborate home wedding was witnessed by many persons in the marriage last evening at 8:30 o'clock of Miss Audrey Taylor and Mr. Clifford Blackburn, at the home of Mrs. M. E. Ham, 313 North Sixth street, by the Rev. G. T. Sullivan. The house was decorated in palms, ferns, and southern smilax. Before the ceremony Mr. Frank Cheek sang "Because" and Miss Ruby Lamb sang "O Promise Me." Miss Lamb played Mendelssohn's wedding march for the procession.

Miss Taylor was gowned in white chiffon over white taffeta made with a train, and trimmed in lace and satin bands. She wore a veil and carried a bouquet of roses and peonies. Miss Caroline Ham, maid of honor, wore Japanese silk embroidered in pinks, made with a train. Mr. Ross Bell was best man and Mr. J. W. Taylor, the bride's brother, gave her away. Dr. Sullivan performed the ring ceremony, assisted by little Miss Dorothy Thomas, the ring bearer, who was dressed in white silk with a pink sash, pink bows and pink shoes and stockings.

Following the ceremony a reception was held and the bride and groom were assisted in the receiving line by Mrs. Fannie Taylor, mother of the bride, Mrs. Charles Frederick and Miss Kate Grogan. Punch was served in the dining room by Misses Claire St. John and May Frederick. The guests' book was kept by Miss Frederick and Mr. Roy Gresham. Afterward a formal reception was given for the couple at the Palmer House. At 1:30 o'clock the couple left for Louisville and Cincinnati and will be at home after the trip at 919 Clay street.

BANQUET AND ATHLETICS.

Members of Press Association Being Royally Treated.

Hopkinsville, Ky., June 17.—The thirty-ninth reunion of the Kentucky Press association, which began at Cerulean Springs last night, is now well under way, and the editors are enjoying themselves to the utmost and all are lavish in their praise of the springs' management. Last night a reception was given by the Press League of the First congressional district, this serving to get all the visitors acquainted and on good terms.

There are about 100 persons present, and more are yet to arrive. The business session began today and some of the athletic contests also will be pulled off. The prizes for these are unusually valuable, and much interest is being taken in these events.

More Temperance Work.

Frankfort, Ky., June 17.—Anti-Saloon League leaders are now preparing to wage the hardest campaign they have ever fought in this state against the liquor interests. At the next general assembly there will be two bills introduced which the temperance people say will pass without any doubt. There are now 94 dry counties in Kentucky. The two bills provide one for the extension of the county unit bill, the other being an anti-blind tiger bill.

BRIGHTER THAN EVER

The store of L. B. Ogilvie & Co. is now being thoroughly overhauled and repainted. The first, second and third floors will present a beautiful appearance when the painters turn the store over and their work is completed.

The same color scheme that has always made Ogilvie's a bright spot will be retained—white and oak. The women of Paducah appreciate shopping in such a well lighted store, and when everything is finished the store will be more attractive than ever, and well do they deserve the name of the "Daylight Store."

YOUTH UNDER AGE

Said the Message, But He Had Already Been Married.

Frankfort, Ky., June 17.—Buren S. Webster, aged 21, and Alice Love, aged 22, giving Chicago as their home, were married here today. Later a message from Indianapolis stated that they were elopers, and that the husband was under age, but the couple had left the city. Word from Indianapolis says Webster is a collector, living at 3111 North Illinois street, and that the police know of no charge against him.

PATRICK DENIED WRIT OF HABEAS CORPUS.

New York, June 17.—The application of Albert H. Patrick, who is serving a life sentence in Sing Sing prison for the murder of William Marsh Rice, an aged Texas millionaire, for a writ of habeas corpus was denied by Judge Lacombe in the United States circuit court today.

Patrick set up the claim that his conviction and sentence to death, which has been commuted to life imprisonment, was the result of a conspiracy to plunder the Rice millions. The motive, he asserts, was to prevent him from enforcing Rice's will, leaving the greater part of the Rice fortune to him.

POWERS WILL NOT ATTEND CONVENTION.

Chicago, June 17.—Postmaster L. F. Sicular, of Georgetown, who is here, received a telegram from "Abe Powers" saying that under no circumstances will Powers come to the national convention. Governor Willson was prepared to tell Powers some things if he should come.

The Ernst men are continuing to say that Charles P. Taft will see that the Kentucky delegation elects Ernst as national committeeman. Commissioner of Internal Revenue John G. Rogers will entertain the Kentucky collectors with an automobile ride.

NEGROES INDOORSE CORTELYOU

Our Georgia Delegates Declare for Secretary of the Treasury.

Chicago, June 17.—George B. Corley was endorsed for the vice-presidential nomination last night by our negro delegates from Georgia, who held a conference at the Auditorium Annex and adopted resolutions pledging their support to the secretary of the treasury. The delegates were H. L. Johnson, U. R. Mason, W. O. Emory and R. S. Wright.

"Rider War" is Over.

Frankfort, Ky., June 17.—The "night rider" war has, according to Adjutant General Johnson, reached the chicken-stealing stage. In all of the tobacco districts where trouble has been reported the tobacco crops which will be hoped for have already been set out, and the scraping of plant beds is over.

The regular state encampment of the militia will take a new form this year, for, instead of a brigade encampment being held at one place, regimental encampments will be held at each of the rifle-range sites.

BABYS VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the sight of mother and babe, angels smile and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with dread. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend**, a liniment for external use, which toughens and renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety and with little pain. Sold at \$1.00 per bottle by druggists. MOTHER'S FRIEND

LONDON'S SAFETY VALVE

Trafalgar Square, Where Agitators "Blow Off Steam."

There is perhaps no other great city where the measure of free speech which is accorded to agitators of all kinds is larger than it is in London. It is the practice there to give anybody and everybody a chance to spout away to his heart's content in certain well recognized places of rendezvous, such as the spacious Trafalgar Square, and especially the far more spacious expanse of Hyde Park where the "reformers' tree" stands and where there is room not only for thousands and tens of thousands, but even hundreds of thousands.

Ordinarily in favorable weather on almost any fine afternoon or in the early part of the evening little meetings are going on there, each having a piece of ground allotted to it by the police, but on Saturday, from early morning until well into the night, these assemblages are very numerous and in full blast. Twenty, thirty, forty, even more, I have seen in operation at the same time, the speakers, men and women, haranguing to groups or to big crowds on every theme imaginable—religion, spiritualism, politics, the tariff, woman's rights, astrology, penology, the faith cure, bad literature, theosophy, socialism, anarchy, governmental abuses, the abolition of the house of lords, home rule, local reforms

and the views of the aristocracy, while the red flag was as likely to be as conspicuous as any other emblem on the poles that are stuck in the ground or on the folding platforms which are rolled in on wheels. The whole practice has long been an excellent means of letting the people "blow off their steam."—Philadelphia Bulletin.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found that New Discovery is the best remedy for coughs and lung disease in all the world."—Sold under guarantee at all druggists, 50c and \$1.00. Trial bottle free.

"Oh, Arizona will be admitted all right," said the gentleman from that territory.

"Been turned down pretty regularly, hasn't it?"

"Don't let that worry you. They'll need the name for a battleship now."—Philadelphia Record.

INTERNATIONAL S. S. CONVENTION

Will Convene in Louisville Next Week.

Citizens of the Kentucky Metropolis Make Elaborate Arrangements for Delegates' Entertainment.

THE SUBJECTS FOR DISCUSSION

Louisville, Ky., June 16.—Next week Louisville will be in the full entertaining from 12,000 to 15,000 strangers. Nearly every church pupil in the city will be occupied on that day by some distinguished visitor from another city and in many instances from another country, all in attendance on the International Sunday-school convention.

Chairman Huston Quila, of the entertainment committee, announced yesterday that while state secretaries were a trifle slow in sending on the lists of delegates, fully 65 per cent. had reported and in every instance a full delegation has been named. To prepare for thousands of delegates has meant night and day work for weeks. From now until Thursday when the convention is formally opened, few hours of sleep will be left for the faithful.

"The committees from the commercial organizations have been doing patriotic service in the last few days and will continue to serve the executive committee until Wednesday," said A. Y. Ford, chairman of the executive committee. "On the theory that no man should be given an excuse for neglecting his duty in the matter of sending subscriptions to such a cause, it is well to remind those who have not subscribed that I will be glad to receive contributions by mail or in person any time next week."

Movement's Tremendous Growth. Six years ago the entire office force of the International Sunday-school Association consisted of Marion Lawrence and one stenographer. Today Mr. Lawrence is assisted by five secretaries and as many office clerks. The Sunday-school movement has doubled its strength in Canada and has invaded Mexico with the message of uplift.

HOMELESS FAMILY

Father Nearly Crazy With Worry and Responsibilities

NOW HAS HOME

Soon Learned How Easy It is to Save and Accumulate When the Start Has Been Made.

A story so filled with pathos as this one comes to light but seldom. This one deals with a man of large family who had neglected to save in his youth. Now his family, being large, required a good sized house, and this kept his "nose on the grindstone" until he read of the easy way Mr. Mathews, of the Standard Trust Co., has provided for the homeless to secure a home on small monthly payments. This man had met a friend in his time that sold him a home for \$1,500 at \$15.00 per month and 6 per cent straight interest. He found he had to pay \$180.00 principle and \$90.00 interest on both per month. Of course he lost out in the end, as he could not keep it up, and became a Doubting Tom. Mr. Mathews showed him the standing of his company and some of the heart to heart letters started and now has three nice pieces of property. If you doubt this, write Mr. H. Washman, Petersburg, Va., or better still, write the clerk of Dinwiddie county, Virginia, and see if there is not deeds and mortgage records there between Mr. Washman and the Standard Trust company. Now stop being a Tom and start and you can soon be situated the same or better. Call or address for a few days—do it today.

UNTOLD INJURY

To Paducah People, as It Is Elsewhere Throughout the Land. Neglecting a bad back. Not trying to reach the cause. Brings untold injury to the human system.

Following in the wake of backache are urinary disorders, diabetes, Bright's disease.

Let a Paducah citizen tell of his cure. T. G. Elder, of 1763 West Monroe street, Paducah, Ky., says: "Doan's Kidney Pills were used in my family about seven years ago with very satisfactory results. At that time they cured a case of kidney trouble of two years' standing, removing the pains from the back and strengthening the kidneys. I have often recommended them to others who have used them with good results. I purchased them from DuBois Son & Co.'s drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

To plan for work among the negroes is the next grand step forward.

In an interview granted recently Mr. Hartshorn, the chairman, said: "The greatest need in religious work is exactly the same as the greatest need in business men—men suited to the work. Men who will become a Wanamaker or a Heinz or a Warren in point of influence. I favor the central committee going on a tour—a still hunt for such men."

"We need a publicity department. The press is too anxious to get copy for its constituency. Interested in Sunday-school work and we will be criminally neglectful if we do not give the religious world information about the various departments of Sunday-school work. There is a wealth of ignorance in 'high places.' We ought to have \$100,000 annually at our disposal. Men of large wealth are only waiting for intelligent information concerning our work, when they will, I am sure, contribute to the work."

Noted Men Will Speak. Many noted men of America, men prominent in the civil, commercial and ecclesiastical life of cities, states and the nation will be among the speakers at the International Institute and the International convention. There will be seventeen sessions of the former and fifteen sessions of the latter. To give space to the programs would require several columns.

Tentative List of Topics. A tentative list of the topics to be discussed at the convention shows a comprehensive selection. The list is as follows:

"Story of the Triennial-Historical and Prophetic Conference; Progress of the Organized Work."
"The Uniform Lesson." Its contributions and fullest development recommended.

"Graded Lesson." A thoroughly graded course of lessons proposed, covering the entire range of the Sunday school.

"The Sunday School and the Great Commission—The Relation of Missions to the Sunday School." Moving pictures of mission fields and work in Japan, China, India and America.

"The Coming Generation of Christ." "Educational Methods with the Coming Christian Generation."

"An Appeal to Young Manhood for Christian Service."

"Bible Study for Men."

"Adult Bible Classes—Their Opportunity and Work."

"Training Sunday School Teachers."

"Superintendents' Congress."

"Teachers' Congress."

"Factors and Forces Related to Sunday School Success."

"Our Opportunity and How to Meet It."

"Some Modern Servants of the Sunday School."

"Denominational Co-operation—The Lesson Editors, Lesson Writers and Lesson Publishers at Work."

"New Plans of Work for and Among the Negroes."

"The Home Department."

"The Elementary Department."

"The Intermediate Department."

"Home Visitation."

"Temperance."

"Sunday School the World Around."

"The World's Sixth Sunday School Convention, Washington, D. C., June 27, 1910."

Looked After He Leaped. "Prof. Helbach, I presume?" said he.

"Yes, sir."

"Are you alone?"

"Yes, sir."

"May I look the door?"

And he did so; then, having satisfied himself that no one was in, he placed a large bundle done up in a yellow handkerchief on the table and opened it. It contained a yellow mineral substance.

"There, look at that."

"Well," said the professor, "I see it."

"What do you call that, professor?"

"I call it iron pyrites."

"What!" said the man; "isn't that gold?"

"No," said the professor; "it's good for nothing—it's pyrites."

And putting some in a shovel over the fire it soon evaporated up the chimney.

"Well," said the visitor, with a webegone look, "there's a widow in our town has a whole hill full of that, and I've married her."—Detroit News-Tribune.

TIME EXTENDED

SOUTHERN ELECTRIC BY MAYFIELD COUNCIL.

Delay in Beginning Work Unavoidable By Company—Another Year Given.

Recognizing the delay to all financial by the panic last fall and the subsequent depression, the Mayfield city legislative boards have extended the limit of the franchise to the Southern Electric Interurban Railroad company of Paducah, for one more year. When the franchise was granted, it was stipulated that work must begin on the road within twelve months, but this expired last week, and knowing that the company was not to blame for the delay, the extension in time was granted.

The Southern Electric Interurban company is actively at work on its plans to get down to actual construction work. Eastern capitalists are favorably impressed with the project but all attempts to raise heavy loans must go slow now, from the large demand from all sources, and the timidity in lending which still clings to investors.

BECKER IS OUT OF POLITICS.

Mayor of Milwaukee Quits Race for Governor.

Milwaukee, Wis., June 17.—Sherburne M. Becker, candidate for the Republican nomination for Governor of Wisconsin, announced his retirement from the gubernatorial race, stating that owing to recently developed business opportunities he would devote his entire time and efforts in the future to the advancement of his own personal interests.

Mr. Becker announced that he had given the matter long and serious thought and that only after consultation with business friends and members of his family had he decided to drop out of politics.

Mr. Becker's campaign promised to be full of spectacular features. One of his most striking plans was his announcement that he proposed to conduct his campaign from a balloon.

It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at all druggists. 50c.

IN ADMIRALTY.

Frank Rounds vs. Steamboat J. S. etc., in admiralty.

Whereas, a libel was filed in the district court of the United States for the Western District of Kentucky at Paducah, on the 3rd day of June, 1903, by Frank Rounds vs. Steamboat J. S., etc., her engines, tackle, apparel, furniture, etc., and owners alleged in substance that said steamer was indebted to him in the sum of two hundred dollars, for damages done his gasoline boat "Messenger," by smashing same up, that said damages had never been paid, and prays process against said steamboat J. S., etc., and that the same may be condemned and sold to pay said claim with cost and expenses.

Now, therefore, in pursuance to the motion under the seal of said court to me directed, I do hereby give public notice to all persons claiming said steamer J. S., etc., or in any way interested therein, that they be and appear before the District Court of the United States in the city of Paducah, Ky., on or before the 3rd day of August, 1903, at 10 o'clock a. m. of that day then and there to interpose their claims and to make their allegations in their behalf.

HIGH PRICES OF AMERICAN TOBACCO

Will Cut Down Importations from Foreign Countries.

France Threatens to Look to Her Colonies and Other Countries for Supply.

CONSUL GEN. MAKES REPORT

Washington, June 17.—The bureau of manufacturers made public a report received from Consul General Skinner at Marseilles in reply to an inquiry from correspondents as to the probable effect in France on an increase of 20 to 30 per cent in the price of American tobacco. By states that unless clearly justified by general crop conditions it would be to accentuate the present tendency in France to procure supplies in other countries. In five years, Consul Skinner says, the only substantial increase in importations of American tobacco occurred in 1905, and this increase just about measured the shortage in importations from Algeria. The disposition seems to be to decrease importations from the United States, while increasing them from other countries.

It must be remembered, continues Consul Skinner, that American exporters are dealing with an absolute government monopoly, and that if prices in the United States should advance too rapidly the monopoly is free to buy in the cheapest available market, and may be expected to do so, to the extent that the substitute tobaccos do not interfere with the volume of consumption and consequent revenue which the government expects to derive from the enterprise. This is equally true of other European governments which control the tobacco business. The French government is further committed to the policy of developing its colonies in every possible manner, and other things being equal, will give the tobacco the preference. The consul notes specially that advanced farming methods are being employed in remote tobacco-growing countries which is greatly increasing production. This is particularly true in the fertile and populous island of Java.

A Remarkable Oil Field.

Of all the oil fields in the world the most remarkable is that at Summerland, Cal., where nearly 200 wells are pumped in the surf of the sea. In 1898 the first oil well ever drilled in the sea was sunk from a low wharf over the Summerland. It struck oil, and was immediately followed by other wells as soon as companies and individuals could get hold of frontage from which to extend their wharves into the ocean. In June, 1900, the record year for this field, there were at Summerland 305 producing wells, fifty-nine abandoned wells and fifteen wells which were in process of drilling. These wells yielded from one to sixty barrels of oil a day, the average being about five barrels. At present there are about 190 wells now producing, and fourteen companies are operating.

HULL CASE GOES INTO COURT.

Primary Election in Iowa Congressional District Results in Contest.

Des Moines, Ia., June 17.—The Hull-Prouty contest in the Seventh Iowa district still hangs in the balance with the prospect that the ultimate decision will have to be made in the courts. As a result of the recount by the board of county supervisors of the ballots cast in the recent primary election the vote stands at a tie for the two candidates. The returns from all the uncontested precincts of Polk county have been canvassed with no show of change.

A sensation was sprung when the supervisors of Dallas county were restrained from proceeding with the count of the ballots in that county.

This action throws the battle into the court in which the injunction was issued at the instance of J. W. Russell, a Hull man, who alleges that the supervisors lacked jurisdiction, and further charged that previous handling of the ballots left doubt enough in his mind whether all the ballots remained intact.

Automobile

LURES PRESIDENT ROOSEVELT FROM HORSES.

Cabinet Members Prefer Dapper Equines Provided by Uncle Sam.

Washington, June 17.—With the United States government paying the tolls, riding in a well-appointed coach, with a liveried coachman driving a pair of fine horses, the members of the president's cabinet have little to bother them in the way of maintaining a stable. Each member is furnished with horses and vehicles, and Uncle Sam pays the bills. President Roosevelt is such a lover of horses that he refrained from riding in an automobile until yesterday, when he took his first whirl in a horseless vehicle.

Secretary Loeb is well fixed in this respect. Each day, after the president has finished his morning business, his secretary walks through the executive offices and enters a carriage drawn by a pair of black horses. He is driven to his home for lunch and does not return to the white house until 3 o'clock in the afternoon.

Secretary Taft uses a carriage less than any other member of the cabinet. The secretary finds that walking helps to keep down flesh.

Attorney General Bonaparte is the champion pedestrian of the cabinet. Swinging his portfolio in one hand and a cane in the other, he may be seen every Tuesday and Friday between the department of justice and the white house. "Jimmy" Garfield, whose visits to the white house are frequent, rides behind a pair of bays.

Postmaster General Meyer rarely uses horses and carriages. He prefers a little electric runabout, which he drives himself. Secretary Wilson is a lover of good horses and drives to cabinet meetings. Secretary Cortelyou seldom drives to the white house.

Secretary Root is driven to his office every morning and usually returns to his home for luncheon, but he never goes to the white house in his carriage. Secretary Straus is apparently an excellent judge of horseflesh, for he has a pair of animals which, with the possible exception of the pair owned by the secretary of agriculture, are the finest in the cabinet.

Clifford Pinchot, who is a near-cabinet officer, has deserted the horse for the automobile. He is found of sitting on the front seat with the chauffeur.

Be it ordained by the General Council of the city of Paducah, Kentucky:

Section 1. That first street from the north property line of Washington street to the north line of Broadway, be, and the same is hereby ordered to be reconstructed with vitrified paving block, suitable in all respects for such reconstruction; also combined curb and gutter and stone curbing and concrete curb and private driveways, and storm water sewers, manholes and intakes, as shown on plans; all to be done in strict accordance with the plans, grades, specification and widths and profiles, of the City Engineer, made and provided by him, for such purposes; all of which are adopted as a part of this ordinance as fully as if embraced herein or attached hereto and made a part hereof and marked "A" for more specific identification.

Sec. 2. That said work shall be constructed under the direction of the Board of Public Works and supervision of the City Engineer, and shall be commenced at a time designated by contract for the performance of said work, and completed on or before the 31st day of December, 1903.

Sec. 3. The cost of such reconstruction of said street shall be paid for one-half by the property owners abutting or fronting thereon, on both sides thereof, to be apportioned to and assessed against the property and property owners abutting or fronting thereon, on both sides thereof, according to the number of front feet abutting thereon, except the city of Paducah shall pay the entire cost of all intersections of streets and public alleys, if any such there be; and further, except that the property owners abutting thereon shall pay the entire cost of the curbing abutting or fronting such property holder, and the other half by the city of Paducah out of the funds derived from the sale of bonds issued by the city of Paducah pursuant to an ordinance adopted by the Board of Councilmen on September 19th, 1903, and adopted by the Aldermen on October 1st, 1903, and approved by D. A. Yeager, Mayor, on October 2nd, 1903, as far as said revenue derived from the sale of said bonds will pay for one-half of the reconstruction thereof; and the residue of one-half of the cost of the reconstruction thereof shall be paid by the city of Paducah out of the funds in the treasury of the city of Paducah appropriated for the expenses of building, constructing and maintaining the streets of the city of Paducah.

Sec. 4. The contractor awarded said contract for the work herein provided for, shall be paid only upon estimates furnished by the City Engineer, and Board of Public Works, in accordance with the terms of the contract made with the contractor awarded said contract and the city of Paducah, and in no other way.

Sec. 5. This ordinance shall take effect from and after its passage, approval and publication.

After That \$20 in Gold.

The receipts for subscriptions the first day or two of each week are, as a rule, not as large as the last few days, but the announcement of this week's prize, that \$20 in gold, seems to have created more or less of a furor and many candidates are starting off with large returns. The watches the first week and the furniture last week were certainly mighty fine prizes and those who won them seemed more than pleased, but there is something about the good old hard cold cash that has an unusual attraction to most of us that goads us on to greater effort. "Money makes the mare go" and in this little matinee contest with a purse of over \$2,000 in prizes, this little cash prize for this week's heat seems to have created more interest and greater effort than some of the larger merchandise prizes. You can win if you hustle—but it's going to take a bit more hustling this week than it did last—there are more who want the \$20 than the merchandise.

Miss Nichols Still Leads.

Miss Mern Nichols still leads with 122,677 votes, with Joe Desberger second, A. W. Stewman and Miss Ella Hill following in third and fourth places. District No. 2 seems to be alive with hustling candidates, three of them having passed the 100,000 mark while District No. 1 has two candidates and No. 3 only one candidate who have reached the 100,000 mark.

Much interest is being shown by candidates in District No. 3 and more changes seem to take place in this district than in the others. Miss Street still retains the lead, but second place has gone to Mr. Dugger, who was fourth. Mr. Switzer and Miss Chiles dropping back one place each. Candidates in this district are working hard and it is going to be a very close finish between them for the district prizes and doubtless there will be some of them make a close race for the two big prizes. It would not surprise us if a candidate from this district won either the lot or the diamond.

Be a "Live" Candidate.

Two more weeks after this—a short time apparently but sufficient for a candidate to poll an enormous number of votes and win one of the big prizes. The fight is narrowing down to the "live" candidates, the "dead" ones are dropping to the rear and making room for the others—making room for you, perhaps. We hope so, at least, and trust you will appreciate the fact and continue to keep again with the live ones to the finish. Do not lose sight of the \$20 this week or the big ones at the end of the race. Turn in your subscriptions each day to count on the \$20 this week and hold your votes to suit yourself for the finish. Keep in touch with the contest man—he has a few tips to hand out to all candidates from day to day—call us on the phone or drop around to the office.

Who Are Eligible?

Any white person, man or woman, of good character, residing in the territory covered by The Sun may become a candidate for the honors and the prizes in The Paducah Sun's Greatest Popularity Contest.

Duration—Awards.

The contest starts with today's announcement and will continue till July 4, at 9 p. m., at which time a committee of well-known and trustworthy citizens will be chosen to determine who are entitled to the prizes.

Districts.

The territory covered by The Sun has been divided for the purposes of this contest into three districts, as follows: District 1 comprises all of the city of Paducah north of Broadway, including the north side of Broadway. District 2 comprises all of the city of Paducah south of Broadway, including the south side of Broadway. District 3 comprises all of the territory served by The Sun outside the limits of the city of Paducah.

More Than \$2,000 in Prizes.

Following is a description of the magnificent list of prizes offered for

the winners in this contest together with the arrangement governing their distribution.

The candidate securing the highest number of votes, regardless of district, will be given The First Grand Prize, a \$700 double building lot in Gregory Heights, Paducah's prettiest suburb.

The candidate securing the second highest number of votes, regardless of district, will be given The Second Grand Prize, a \$400.00 two-carat, blue-white diamond, on display at Jo Wolff's jewelry store, 327 Broadway.

After the judges of the finish of the contest have awarded the Grand Prizes, the names of the two winners will be stricken from the list of contestants and the nine district prizes will be awarded as follows:

The three persons who lead their respective districts will be awarded a \$300 piano, on display at W. T. Miller & Bros., 520 Broadway, a \$150 suit of furniture, displayed at Garner Bros., 207-213 South Third, a \$100 buggy and harness, displayed at Powell-Rogers, 129-131 North Third. The above three prizes will be given to the three district leaders in the order of the number of votes credited to them.

The three persons who receive the second highest number of votes in their respective districts will be awarded the following prizes in their order of rank—a \$65 watch on display at Pollock's, 333 Broadway, a \$50 lady's or man's watch at Nagel and Meyer's, corner Third and Broadway, a \$50 Miller range, displayed at Hank Bros., 212 Broadway.

The right is reserved to alter these rules should necessity demand.

Contestants may secure subscriptions anywhere they wish. For instance a candidate in District 3 is entitled to turn in subscriptions from District 2 or District 1, and vice versa.

New subscribers are those who were not taking The Sun May 23, the date of the start of the contest. Transfer from one member of a family to another or to someone else living in the same house will not be counted as a new subscription.

The three persons receiving the third highest number of votes in their respective districts will be awarded the following prizes, a \$37.50 refrigerator, displayed at Henneberger's, 422 Broadway, a \$25 chair or other furniture from Rhodes-Burford's, 112-116 North Fourth, a \$25 lady's or man's watch on display at J. L. Wanner's, 311 Broadway.

Three additional prizes for the three districts are added and two scholarships in the International Correspondence Schools and one scholarship in the Paducah Central Business College, offering the choice of nine courses. These prizes will be awarded in the three different districts so that candidates receiving the second highest number of votes in their respective districts may choose one of these scholarships instead of the merchandise prize. Should the second highest candidates not desire one of these scholarships, the third highest candidates may choose them.

If these two classes do not wish the scholarships they will be awarded to the fourth highest candidates in the three districts.

In addition the management of The Sun will spend \$100 in special prizes to be distributed to busy candidates during the progress of the contest, making a grand total of more than \$2,000 in prizes, to be distributed gratis.

Besides the coupons which are printed daily in The Sun and which are good for the number of votes printed on them if voted before the time limit stated, contestants may secure subscription votes according to the following schedule:

For Payment in Advance By Old Subscribers.

Time	By Carrier	By Mail	Votes
1 year	\$4.50	\$3.00	2,250
6 months	3.00	2.00	1,200
4 months	1.50	1.00	500

6 months	3.00	2.00	2,400
4 months	1.50	1.00	1,000
2 years	9.00	6.00	12,000

Subscription payments of less than \$1.00 by mail and \$1.50 by carrier, will not be accepted as counting for votes.

No employee of The Sun or member of an employee's family will be allowed to enter this contest.

The Sun is the final arbiter in all questions that may arise in connection with the contest. Candidates by entering agree to these published conditions.

Voting Limit.

Until June 13 no candidate will be allowed to cast more than 10,000 certified votes in any one day.

TAFT DEMANDS LABOR PLANK

Insists on Inclusion of Anti-Injunction Clause.

Will Not Indicate Choice for Vice-Presidential Nomination Until the Platform is Settled.

WILL AVOID COMPLICATIONS

Washington, June 17.—This statement was issued from an authoritative source this morning:

Reflection over night has only strengthened the determination of the war secretary to insist upon the inclusion in the Republican party platform of the anti-injunction plank on the lines of that telegraphed from Chicago.

Therefore a long telegram went from the war department to Frank H. Hitchcock, Secretary Taft's Chicago manager, instructing him to insist upon the anti-injunction plank.

Ignores Second Plank.

An exchange of telegrams over night between Washington and Chicago indicates that there will be no developments so far as the administration is concerned in the matter of the selection of a candidate for vice-president, until after the platform shall have been disposed of and a nominee for presidency shall have been named.

It is understood that the above statement was issued with the distinct purpose of avoiding a complication of the vice-presidential nomination with that of presidential nomination, the result of which might be to diminish Secretary Taft's strength by creating enemies among the friends of those candidates for the vice-presidential nomination who are shown either to have failed to receive his support or to encourage his actual opposition.

The Taft forces claim to have the advantage in the struggle over the inclusion plank of the platform. They assert that the appointment of the sub-committee to consider the various controversial planks was a distinct success of them, and pointed with much satisfaction to the fact that Chairman Hopkins had appointed on this committee nine men who favored the inclusion plank and four who are opposed to it.

The Taft managers predict a favorable result in the full committee and in the convention but admit that their fight will be desperate.

The opposition still under the leadership of Speaker Cannon, is claiming 30 votes to 22 on the full committee and is expressing confidence that when the platform goes to the convention the objectionable plank will be missing.

It is known here today that influence from Washington is being exerted in behalf of the administration platform suggestions and it is stated that both the president and Taft favor the adoption of the inclusion plank.

On the question of the anti-injunction plank it is stated that the sub-committee stands 9 to 4 in favor of the inclusion plank. Samuel Gompers and other labor advocates will be heard by the sub-committee today.

The committee on resolutions organized by electing Senator Hopkins chairman and John F. Lacey, of Iowa secretary. After listening for some time to representations of numerous persons who desire to secure the inclusion of special planks in the platform, a sub-committee was appointed

to consider all disputed questions in detail and add the finishing touches to the document.

Sub-committee Hears Arguments. Among those heard was the delegation of ladies, who wanted a liberal plank in favor of woman suffrage. A large delegation of various nationalities asked the advocacy for liberal immigration legislation; Henry D. Clark, of Omaha, spoke in support of inland waterway improvements and advocated the issuance of \$500,000,000 worth of two per cent bonds for the carrying on of the work.

H. R. Fuller, who said he represented the Brotherhood of Locomotive Engineers, firemen and trainmen—in all about 230,000 men—presented what is regarded as the most radical of all injunction propositions in evidence. He argued various points in favor of the plank which reads:

"We pledge ourselves to such legislation as will guarantee to workmen those rights necessary to their industrial protection, including the right to strike and to induce or persuade others to do so; and to such legislation as will prevent the issuance of restraining orders and injunctions without hearing or guaranteeing trial by jury to persons accused of contempt of court, or so near thereto as to obstruct the administration of justice."

The resolution was strenuously opposed by J. A. Emery, general counsel for the National Association of Manufacturers.

Protests were made as follows: Against tariff revision by the American Live Stock association; against independence of courts in issuance of injunctions, by the New York business men; against postal savings banks by the American Bankers' association.

ing before he made confession that he would give a million dollar bond by telegraphing Ward Headley at Princeton, who was attorney for the association.

Anderson and Monroe Scruggs, sons of the murdered man, swore that they recognized Phelps. Dr. Champion, Fred Holden, Louis Choudet, Sam Colley and others.

Blick's Testimony.

Unhesitatingly, Oris Blick told the entire story of the raid on Birmingham yesterday afternoon, and before a large audience in the crowded court room held the rapt attention of the people. The confession was secured from Blick by Commonwealth's Attorney John G. Lovett when Blick was arrested on a minor charge. Blick donned his mask in the court room and holes in the black cloth corresponded to scars on his shoulder and ear.

Blick said that Wick Tarry and Will McCreary were not in the raid on Birmingham. He said one night in January he went up town and was met at the public well by two young men, who told of the organization of the night riders. He went to Amos Stringer's barber shop and there on bended knee took the oath. He thought it was a joke, but when called up for a raid realized the seriousness. The password given him was "Silent Brigade," while the response was "I see you have been there." "Yes, on my bended knee." The password was later changed to "Vox Populi."

Dr. Champion Implicated.

On the night of the raid Blick said they met at the mill of McCain. When Dr. Champion and his men from Lyon county were on the opposite bank of the Tennessee river, Blick said that he and Burnett Phelps were designated to ferry them across. They did this and with Dr. Champion were 53 men. He told of how each member was assessed 10 cents with which to buy a mask.

After the 100 men from Marshall county had been strengthened by Dr. Champion's company they divided into eight squads and advanced on the negroes. Blick was in the squad that descended upon the home of Lee Baker. Baker was hard to get out, despite steady shooting. George Duncan began cutting on the house with an ax, while John Fox ran for coal oil, when cries went up to "burn him out." Suddenly a fire came from within and Blick said he fell, with shots through his shoulder and ear. John Prescott was shot through the arm with a pistol ball.

Champion Dressed Wounds.

The next day he said that Dr. Champion probed the bullets and dressed the wounds. At this juncture he exhibited the wounds to the jury, which were made by large shot. The officers of the night riders were: Irvin Rogers, lieutenant, and C. Champion, a son of Dr. Champion, was secretary.

After the negroes had been whipped Blick said that the Lyon county delegation was ferried back to Lyon county and the men dispersed. He hid his mask in a stump near Fair Dealing, and did not get it again until he went in person with Commonwealth's Attorney Lovett after

he had made the confession. He donned the mask and identified it as the same one.

On cross examination he said that he had become a member of the state soldiers and had been in camp with them at Murray. He carried a large pistol. He told of an affidavit signed in the Masonic hall at Birmingham, when Charles K. Wheeler and Jack E. Fisher, attorneys for the defense, were present. Blick said he did this to keep his oath and because they told him he would never live to learn of a court room if he refused.

Attempt on Blick's Life.

On the night before the confession Blick said that an attempt was made to assassinate him. He was awakened by a noise, and looking out the window saw a man with a pistol. Blick fired twice and the man ran off the porch. The statement read by Mr. Wheeler to the effect that Blick was not in the raid was not signed by Blick and could not be identified by him.

Arthur Griffin's Testimony.

Arthur Griffin was called and he told of the suspicious acts of a number of men that warranted him keeping his gun near him. About 1 o'clock on the night of the raid he was called out and his gun demanded. His three children were dressed by the riders, and then they went to the Tennessee river, where the negroes were sitting on a log. He saw the whipping and said he recognized Dr. Champion as the man giving the orders. He was promised no harm would come to him, and his gun was returned to him and he was put on guard. He also recognized Burnett Phelps, Daddy Phelps, Alfred Choudet, John Heath and Joe Washburn. After the whipping he said that Dr. Champion made a speech to the negroes in which he said a large majority of the people of the United States were night riders and a return visit was likely to come at any time.

Recognized Men.

When he did so, he claims, Amos Stringer and Louis Choudet and two more persons unknown to him came into the house and took him out and carried him to the ferry landing, on the Tennessee river. He said as they were on the way to the river, they met another squad in command of the defendant Phelps, who was recognized by witness by his voice, when
